

An Interactive Session

'Leadership is a decision you make, not a seat you sit on'

An interactive session was organized for the Prefectorial Team under the mentorship of the School Director, Ms. Lata Vaidyanathan in the inner auditorium on 3rd October, 2022.

The badge holders were made aware of their roles and responsibilities in the ongoing session and were given an opportunity to bond with their fellow prefects. Impromptu question-answer session triggering design thinking and group activities, which tapped on their creativity, teamwork and communication skills were incorporated to help the prefects lead with confidence and to work effectively as a team.

The session no doubt served as a guide for the young prefects in their journey towards becoming effective leaders. They absorbed and understood their roles in the current scenario as well as for the future ventures. Throughout the workshop, the prefects were positive and took part in all the activities enthusiastically.

Gratitude to Lata Ma'am for guiding and inspiring the team to do better in every sphere of school life.
