Name of the Event: PARENT ORIENTATION

Class : P1-P5

Teacher Incharge: Classteachers from P1-P5

Reflections:

“A parent is a teacher at home and a teacher is a parent in school and the child is the centre of our universe.”

The orientation programme proved to be a sincere effort made by the school in educating the parents to look after and guide their children in a proper manner. It also helped in evolving a common teaching strategy and helped the parents in identifying suitable follow up methods to reinforce the learning process of their children. The parents were briefed about the idea of the development curriculum which is self-directed with hands-on learning activities that not only give our children a medium to fully utilize their creative talents and energies, but also help them in their holistic development. The essence of the orientation programme lies in the ‘Home-School partnership’ where both the parents and teachers aim at nurturing the child with love and care to build a strong foundation for a glorious future.
