A Parent Teacher Meeting for Class P1-P5 was held on 6th May 2023. The main objective of the meeting was to create a common platform for the teachers and parents, where they could interact with each other regarding the overall development of the students and to enrich the student’s educational experiences. The class teachers shared their comprehensive feedback provided by the subject teachers and they also focused on the physical and academic growth of the students and discussed ways to improve reading and writing skills. Overall, PTMs are a crucial aspect of a student's education and development, and they help to create a collaborative learning environment between parents and teachers.
