NAME OF THE EVENT: EXCURSION TO HUMAYUN TOMB AND SUNDER NURSERY

CLASSES: P4 AND P5

TEACHER INCHARGE: Ms. Radhika Jawa

The students from P4 and P5 recently embarked on an educational excursion to Humayun's Tomb and Sunder Nursery on December 26, 2023. Their first destination was Humayun's Tomb, a UNESCO World Heritage Site renowned for its stunning red sandstone structure adorned with intricate white marble inlays. The captivating history of the tomb unfolded through its gardens and corridors, showcasing the fusion of Persian and Indian architectural styles from the Mughal era. Students were enraptured by the grandeur and beauty, recording and reading information from display boards near the monument. The visit kindled curiosity and admiration for the city's illustrious past.

Following the historical exploration at Humayun's Tomb, the students proceeded to the adjacent Sunder Nursery—a perfect picnic spot for the cold winter day. The nursery, characterized by well-maintained lush greenery, scenic views, and intricate architectural structures, provided an ideal setting. The children relished basking in the sun, engaging in interactive play with friends, sharing meals, playing games, and marvelling at the diverse flora in the nursery.

These educational excursions were more than just recreational activities; they played a vital role in helping the children appreciate, acknowledge and discover the splendid past, culture, architecture and heritage of their country. The trip provided an authentic exposure, complementing their classroom learning and fostering a deeper understanding of their cultural roots.
