The annual exhibition at Gyan Bharati School on December 23<sup>rd</sup>, 2023 was a captivating journey through creation, discovery, and the seamless integration of art with the curriculum.

The primary segment, titled "Aakar ke Prakaar Karein Sapno ko Sakaar," engaged children from grades 1 to 5 in the exploration of shapes to form various imaginative structures. The 'Jashne Mela' of grades 1 and 2 transformed into a lively carnival of shapes, showcasing a vibrant blend of colours and creative combinations that radiated a sense of fun. Grade 3 delved into 'Cityscapes,' uncovering the diverse uses of shapes to construct a bustling city and transport system. Meanwhile, grades 4 and 5, in 'Mayakar Srijan,' embarked on an exploration of illusions, unraveling the mystery between reality and illusion.

Additionally, the exhibition featured a mesmerizing display of creativity through tangrams, showcasing the fusion of craftsmanship and artistry. Monochrome pictures adorned the exhibits, accompanied by installations of figures ingeniously crafted within diverse shapes. This segment proved to be mind-blowing, demonstrating the students' talent in transforming simple elements into visually stunning compositions. The use of tangrams added an extra layer of engagement, making the exhibition both visually appealing and intellectually stimulating.

The exhibition received an overwhelming response from parents, highlighting the success of the event. The enthusiasm and excitement displayed by both students and teachers, were truly remarkable, underscoring the dedication and passion invested in the integration of art and education.

The annual exhibition at Gyan Bharati School proved to be a celebration of creativity, learning, and collaboration, leaving an indelible mark on all who attended.
