The corridors of Gyan Bharati reverberated with joy and enthusiasm as grades 1-3 participated in the Annual Sports day.

It was a resounding success, leaving lasting memories for all involved. A three day extravaganza that celebrated playful learning and fostered a love for physical activity amongst our young athletes. From the very first day, the atmosphere crackled with excitement as the children participated in one track event, testing their speed and determination.

Additionally, indigenous games like tug-of-war and the ever-popular lukka chuppi and pitthu provided a delightful connection to our heritage. Three unique adventure games specifically designed for this event added an exciting twist to the program.

More than just physical activity, the Sports Day served as a platform to nurture a love for sportsmanship, develop essential coordination skills, and build a strong foundation for a healthy lifestyle.
