

INTRODUCTION TO MODEL UNITED NATIONS: P5

The one great stage to present global concerns through the battle of wits is what MUN conferences is all about.

MUN or Model United Nations is a simulation of the United Nations conference where students role-play as delegates of different countries and attempt to solve real-world issues with the policies and perspectives of their assigned portfolio. With this motto, an introductory session of Model United Nations was organized in Gyan Bharati School on 15th March 2024 for the students of class P5. The session was conducted by Indraprastha Collaborative. The objective of the session was to acquaint the young learners with the range of facets related to United Nations and how the organization works and is simulated for the learners. The enthusiastic participation of the students ensured the conversations to flow and the ambience to be zesty. Similar sessions would be conducted in the future with the promise to broaden the horizons of the young diplomats to empower them to become effective change makers and future leaders of the world.
