

DATE: 22 July 2024

NAME OF THE EVENT: National Anveshika Experimental Skill Test (NAEST)

CLASSES: S1, S2, SS1 & SS2

TEACHER INCHARGE - Mr Akshay Bhalla

The National Anveshika Experimental Skill Test (NAEST) is organised by the National Anveshika Network of India in association with IIT Kanpur and Siksha Sopan. NAEST is an annual Physics competition that assesses and nurtures keen observational skills, analytical skills and experimental skill of an Indian student in Physics.

We are delighted to share that Sankalp Dubey and Shlok Dubey of S1A cleared the NAEST screening round. Subsequently, they have secured First and Second Rank respectively in the regional round. Sankalp Dubey will now appear for the semi-finals and final to be held at the Siksha Sopan at IIT Kanpur.

Shlok Dubey S1 A
