# A Voyage To The Untrodden

The aspirations of us Indians,  
To land on the moon surface,  
Has finally been achieved,  
Now the moon we embrace

Launched from Sriharikota on 14 July,  
Hindustan had achieved its goal!  
We did what no one else could do,  
To land on the moon's South Pole.

O one who emerged from the churning!  
Hard work and unwavering dedication,  
Is the reason that we now,  
Indulge in triumphant celebration.

Embodying valour and wisdom,  
The mission was a success,  
Now we can look beyond,  
On the path of universal progress.

# The City Of Dreams

I will be taking you to a city,  
You always wanted to live in,  
Well to begin,  
I want you to tie your lace,  
and fasten your pace.

I welcome you to a majestic grace!  
Where you know no place,  
but still you will willingly embrace.  
There are ample places to explore,  
including the calming sea shore.  
No corruption, no global warming,  
No pollution, no farming,

Everything here is just charming!  
No throat here is sore,  
no need to study English core,  
and there is even more!  
There is no job,  
after hearing this, no need to sob.  
Because there is no money,  
for it's a no-money-journey.

No one will discriminate you,  
because there are no castes.  
You can roam here freely,  
because there are no laws,  
but that doesn't mean that any cat can hurt you with its  
claws!

Even if you try to explore this place fast,  
you will get tired for this place is vast!  
You will not have a mobile,  
for if you will walk a mile,  
you will be so engrossed,  
that you will forget about our mobile and work file!

You will have boundless respect,  
and that is the biggest fact!  
There would be no crime,  
and you will hear beautiful chimes!  
There is no tension or stress,  
For everything here is the opposite of mess!  
Well, what is the name of this city,  
as not going there would be a pity.  
Well, well, well  
it's the City of Dreams!

# O, heralds of brightness.

A time when humanity saw a dark path,  
Vanity, nescience, deception and wrath.  
Alighted from heaven divine saviours,  
To calm us and guide our behaviour.  
Aloof we were, however not for long.  
Realising under their guidance we're strong.  
Simple explanation for complex concepts,  
O, such a light in my life I'd accept!  
Forever their lessons stay with us.  
Brilliantly our problems they discuss.  
Rain or shine, in distress they lead,  
In misery they are friends indeed.  
Hatred and conflict magically dissipate,  
Among teachers when our issues we state.  
So much knowledge embodied in one,  
Praised be these wisdom-radiating suns.  
Ambitions you selflessly help us pursue.  
Teachers, never shall we forget you,  
In past, in present and in future too.
