

Parents, kindly be informed that the school is organising its first ever Inter-school MUN conference in April' 24, where students of grade 6-12 will be participating. To this effect, an introductory session was organised in school today where the children were briefed about the objectives of an MUN conference, its preparation and participation. A highly-engaging session, the children thoroughly enjoyed it and showed keen interest in registering for the upcoming conference. Dear parents, we solicit your cooperation for the same. Kindly click on the link given below to register your child's name in this prestigious school event, asap, as it is on first cum first serve basis.

Thanking you in anticipation.

Regards

Team GBSMUN
